

BISTECCA

RESTAURANT - BAR - WINE ROOM

Welcome to the world of Italian wine.

Perhaps the most complex and diverse wine producing country in the world, Italy is a maze of thousands of grape varieties and soils, with a range that covers every style of wine imaginable.

At Bistecca, we invite you into the aura of Florence, Italy, to dine on none other than *bistecca alla Fiorentina*. Naturally, the noble grapes Sangiovese and Nebbiolo take centre stage. In our view, they are the finest. Not only for their exceptional quality and wide range of expressions, but because they are perfectly suited to accompany the bistecca.

Alongside them, you will find a vast array of Italian grapes, including over 20 native white varieties and over 50 native red varieties, showcased from every single wine producing region of Italy. There is also an exceptional selection of Italian grapes now grown locally here in Australia.

Wine comes from the earth. Like us, it carries stories, scars and personality. That is why we focus on organic, biodynamic and low intervention winemaking. Working hand in hand with the environment is not only better for the planet, but also gives the wine a true sense of *ambiente*.

We also want to highlight the powerful role of women in wine. In a male dominated industry, these women have forged paths with fierce passion and deep commitment. If you see a ♀ symbol next to a listing, it means that a remarkable woman is behind that wine.

Wine has an extraordinary ability to transport us to another world. And while we are committed to taking you on a vinous journey, we must first acknowledge where we are. At Bistecca, we acknowledge the Gadigal people, the Traditional Custodians of the land on which we gather. We pay our respects to their Elders past, present and emerging.

So please, do not be afraid. Get curious. Ask questions. Mispronounce names. And dare to try something completely new.

Nebbiolo in purezza from Piemonte

One of the world's great grape varieties, Nebbiolo is elegant, complex and beguiling. No other grape offers as pure an expression of place, with tiny variations in soil and climate capable of producing vastly different wines. Although all of these wines are different in their own way, they have a few characteristics in common - elegance, acidity, fine aromas and drying tannins.

Piemonte is home to a huge variety of soils and microclimates, where Nebbiolo's uniquely expressive character finds infinite ways to shine.

Barbaresco

...the Queen! Nebbiolo from this region is usually pretty and aromatic, with fine tannins and great length. Approachable at a young age, yet capable of maturing into greatness.

Barolo

... the King! One of the longest-lived wines in the world. From elegant to profound, there are few wines that can match the complexity and length of a great Barolo. Even though more modern styles of Barolo can be drunk upon release, these wines get better and better with age. The combination of acidity, tannins and time in oak allows these wines to evolve and shine.

The most velvety-structured Barolos, more approachable in youth, yet still capable of great age. The balance and elegance in these wines is without equal.

2020	Monchiero 'Comune di la Morra'	La Morra	350
2015	Gabriele Scaglione 'Passione di Re' Riserva	La Morra	395

These are marked by a more muscular character - still elegant, yet with great length and power.

Earthy minerality is the hallmark of Serralunga, providing the base for wines of structure and balance.

2015	Azelia 'Margheria'	Serralunga d'Alba	550
2017	Rivetto 'Leon Riserva'	Serralunga d'Alba	500

These wines require some ageing. Generally austere in their youth, with a bit of time they will reach their full potential.

2010	Luciano Sandrone 'Cannubi Boschis' ♀	Barolo	999

2016	Elio Altare 'Cannubi'	Barolo	1,098
2015	Luciano Sandrone 'Vite Talin' ♀	Barolo	1,300

Located in a valley in the east of the region, the soil here is formed by sandstone. This means that the vines suffer to grow, producing structured wines that soften with maturity.

2018	Giovanni Manzone 'Castelletto' ♀	Monforte d'Alba	275

2017	Anna Maria Abbona 'Bricco San Pietro' ♀	Monforte d'Alba	285
2018	Parusso 'Bussia'	Monforte d'Alba	600

This is a lesser-known village within the Barolo area, offering different qualities to its neighbours. The single vineyards from Novello are elegant and approachable and they shine with finesse.

2017	Cagliero 'Ravera' ♀	Novello	255

Sangiovese from Toscana

Tuscany's most famous contribution to the world of wine is Sangiovese, and in my opinion it is the perfect companion to the bistecca alla Fiorentina. The combination of acidity and tannin in these wines offers a perfect counterpoint to the richness of the bistecca, without overshadowing what should be, after all, the main event!

Sangiovese is grown throughout Toscana, often known by local names, and sometimes blended with other grapes. These wines vary from light and aromatic to more savoury and earthy.

Chianti Classico

This hilly region, between Florence and Siena, is the original home of Sangiovese. Small variations in soil and conditions can produce very different wines, but they all exhibit elegance and length.

Brunello di Montalcino

Further south, the hill of Montalcino is the home of Brunello - the traditional name of Sangiovese in this area. Only the best grapes are made into Brunello di Montalcino, which must be aged for 5 years before release.

Traditionally these wines were built for long ageing, with most requiring a minimum of 20 years before coming into their own. More recently, modern winemaking techniques have begun to take hold in Montalcino, and nowadays plenty of Brunelli can be enjoyed upon release.

Brunello is a powerful expression of Sangiovese, rich in its youth and with great elegance after a few years in the bottle. Layered and complex, it is a wine to savour.

Super Tuscans - The Rebels

Why 'Rebels'? By the end of the 1960s, a few winemakers in Toscana felt a bit too restricted by Italian wine law, which dictated quite strictly how to make wine, which grapes to use and in what percentages. Some wineries decided to follow their own rules, choosing which grapes to grow and how to blend them. As these wines didn't meet local regulations, they had to be labelled as 'Table Wine' - the lowest indication of quality at the time. However, they were soon recognised as wines of great quality, and now are perhaps the most sought-after wines that Italy produces.

There is great variety in the following wines, ranging from elegant and earthy to fleshy and rich. International varieties are common, often blended with local grapes, to produce something uniquely Tuscan.
